## Verse 1

Em                    C  
Lord, my soul thirsts for You  
          G                    D  
in this overwhelming drought

It's been so long since I've heard Your voice  
          G                    D  
Do You still have more to say

## Chorus

Em                    C    G                    D  
I wait for the Lord, my soul waits  
Em                    C                    G                    D  
I wait on His Word, when all else I know fades

## Verse 2

I thought that you had left me  
          G                    D  
I see now I walked away

And when everyone leaves I know  
          G                    D  
You'll be the One that stays
